

Future Path

Essentials

MISK is committed to supporting youth in advancing their career progression and providing them with the tools to succeed in a highly competitive environment. In order to support you in your journey of becoming inspirational and successful future leaders, MISK is pleased to partner with Fullbridge to offer you the opportunity to enroll in our Future Path Essentials initiative, which aims to provide the best tools and preparations to enable you to gain the necessary skills for your chosen path. These cross-disciplinary online education and training programs are designed to be impact driven and are highly interactive. They are delivered by professionals with years of experience to guide and support you in your future path.

We are targeting individuals who are eager to improve themselves and pave their path to be successful in their careers and to become leaders in their organizations and communities.

This is a highly valuable opportunity that offers you a great chance to improve your basic readiness skill for a successful career path. So please make sure you grab this opportunity and make the best of it!

I got two job offers last week, and I believe this program helped me to get to this point.

Workshop: Emerging Leaders for an **Evolving Workplace**

day-long
in-person

Emerging Leaders For An Evolving Workplace

Workshop Overview

Technology and social change have forever transformed how organizations work. With so many opportunities and an ever-changing landscape, what skills do you need to thrive and advance on your chosen career path?

Soft skills. People skills. Emotional intelligence. Whatever you call it; identifying and mastering these skills dramatically increases your chances of success in the new global workplace.

Join hundreds of Saudi students around the world who have taken the 'Future Path Fullbridge' workshop, Emerging Leaders for an Evolving Workplace!

This day-long in-person workshop explores the forces shaping the workplace and prepares you to identify and optimize your strengths while turning challenges into opportunities, helping you to cultivate the skills needed to successfully begin and advance your career. Through interactive, hands-on activities, we will develop personal action plans together to help you navigate and thrive in the evolving economy as you begin to map out your career plan.
