Declaration on the use of generative AI tools in dissertations

This declaration must be completed and signed by every PhD student prior to submitting the dissertation/proposal to the PhD Proposal Review Panel for approval and the final version of the dissertation for Viva Panel approval. It serves to uphold academic integrity and align with national research ethics as per the National Policy on Scientific Integrity and Research Ethics, Article 8. (View Policy)

Title of the Dissertation/Proposal:	
Student Name:	
Student ID:	
Supervisor Name:	

First, Disclosure of AI Usage

Please select one of the following options:

☐ I have not used any generative AI tools in the preparation of this dissertation, including writing, editing, paraphrasing, translation, or design.

☐ I have used AI tools for supportive purposes only (e.g., language editing, grammar correction, paraphrasing, summarization, translation). I confirm that no part of the original content, arguments, or findings was generated by AI.

☐ I have used AI tools in generating or designing parts of the content (e.g., writing drafts, structuring sections, producing figures or tables). I have disclosed all such uses below and justified their inclusion according to university and national research ethics guidelines.

Kingdom of Saudi Arabia
Ministry of Education
Imam Mohammad Ibn Saud Islamic University
College of Languages & Translation
Translation Department

المملكة العربية السعودية
وزارة التعليم
جامعة الإمام محمد بن سعود الإسلامية
كلية اللغات والترجمة
قسم الترجمة

If AI was used, please complete the following:
- AI Tools Used (names & purposes):

_____

- Approximate AI -generated content percentage (if applicable):

_____

Second, Declaration of Ethical Use

I declare that:

☐ I have understood the limitations and capabilities of the AI tools I used.

☐ I used AI tools only for supportive functions (e.g., grammar correction, summarization, translation), not for producing original analysis, arguments, or conclusions.

☐ The AI -generated content used does not exceed 20% of the dissertation, or if it does, this is clearly stated and ethically justified.

☐ I verified all AI -generated outputs for accuracy, relevance, and academic integrity.

☐ I have not claimed AI -generated work as entirely my own.

☐ I understand that failure to disclose AI use, or misrepresentation of AI -generated work, constitutes a breach of academic integrity and may result in disciplinary or legal action.
