<i>IT492</i>	<i>Senior Project in Information Technology I</i>	<i>2</i>	<i>2</i>	<i>0</i>	<i>IT390, IT301, IT490</i>

**Course Description:**

The course aims to introduce the required techniques for implementing systems, writing technical reports and the skills for presenting the work for audiences. This course will particularly focus on topics which are related to the field of Information Technology. This course will also provide guidance to the students in selecting their projects, understanding the research process as well as the tools needed to support implementing the system and writing its proposal and report. The student should get the supervisor approval for his proposal during this course.
