Objectives:

This is an intermediate English course that integrates language skills. It is designed for the students who should refine their command of English after completing their elementary stage in learning the different language skills of reading, writing, listening and speaking in addition to grammar. Students will be able to:

- have in-depth information about grammar topics previously studied in less detail
- use selected grammar constructions communicatively
- write paragraphs of different kinds
- understand passages of intermediate difficulty
- understand dialogs/lectures by native speakers

Syllabus:

- Grammar: Nouns:(articles, possessives, plurals); adjectives:(comparative and superlative adjectives, so and such) the present tenses (present simple and continuous tenses, the present perfect); the past tenses (past simple and Continuous, the past perfect); the future (present continuous, going to, future simple, present simple, future perfect); verbs and expressions followed by gerunds; verbs and expressions followed by infinitives; the passive; causative have

Reading: comprehension passages of intermediate level, computer-related texts

- Writing: topic sentences, descriptive paragraphs, narrative paragraphs
- Listening: listening to dialogs and lectures by native speakers, note-taking
- Speaking: practicing guided conversation (pair work), having group discussions of selected topics
