البحـوث المنشـورة بمـجلات عـالمية محـكمّة إلى سـنة 2007

PUBLISHED PAPERS IN REVIEWED JOURNALS UP TO 2007

قسم الرياضيـــــــات والإحصـــــاء

DEPARTMENT OF MATHEMATICS AND STATISTICS

1.   **L. Bougoffa** and **M. Al-Kadhi:** *Existence and uniqueness theorem of a coupled system linear Schrodinger equations*, **J. Math. Control Science and Applications (JMCSA) Vol. 1**, No. 2, pages 295-299, 2007.

2.   **A. Ben Ghorbal**, V. Crismale and Y.G. Lu*: A constructive Boolean central limit theorem*, **Bollettino dell Unione Matematica Italiana**. Sezione B, **Vol.** 10, Nº 3, pages 593-604, 2007.

3.   **L. Bougoffa:** *Adomian method for a class of hyperbolic equations with an integral condition*, **Applied Mathematics and Computation**, Vol. 177, Issue 2, pages 545-552, 2006.

4.   **L. Bougoffa** and S. Bougouffa: *Adomian method for solving some coupled systems of two equations*, **Applied Mathematics and Computation**, Vol. 177, Issue 2, pages 553-560, 2006.

5.   **L. Bougoffa** and S. Bougouffa: *Solvability of the nonlinear competition model with variable coefficients using modified decomposition method*, **J. Math., Control Science and Applications (JMCSA)** Vol**.** 1, No. 1, june 2007, pages 39-47 2007.

6.   **L. Bougoffa,** S. Al-Awfi and S. Bougouffa**:** *Separation approach of Lorenz model in time-varying phenomena in cavities*, **Applied Mathematical Sciences (AMS),** Vol. 1, No. 59, pages 2917-2926, 2007.

7.   **L. Bougoffa:** *Corrigendum of the paper entitled: Note on an open problem*, **Journal Inequal. Pure and Appl. Math. (JIPAM)**, Volume 8, Issue 4, Article 121, 2007.

8.   **L. Bougoffa:** *Modified decomposition method for solving the Cauchy problem for nonlinear parabolic-hyperbolic equations*, **Applied Mathematical Sciences (AMS),** Vol. 1, No. 21, pages 1049-1056, 2007.

9.   **L. Bougoffa:** *Note on an open problem*, **Journal Inequal. Pure and Appl. Math. (JIPAM)**, Volume 8, Issue 2, Article 179, 2007.

10.   **L. Bougoffa:** *The Cauchy problem for nonlinear hyperbolic equations of higher order using modified decomposition method*, **J. Math. Control Science and Applications (JMCSA),** Vol. 1, No. 1, June 2007, pages 11-19, 2007.

11.   **S. El Manouni** and K. Perera**:** *Existence and nonexistence of solutions for some elliptic systems*, **Hindawi Punlishing Corporation, Boundary Value Problems**, Article ID 85621, 2007.

12.   A. Benkirane, M. Chrif and **S. El Manouni**: *Existence Results for Strongly Nonlinear Equations of Infinite Order*, **Z. Anal. Anwend. J. Anal. Appl.,** Vol. 26**,** pages 303- 312, 2007.

13.   **N. Kerdid**, H. Le Dret, A. Saidi: *Approximation numérique d'un problème de membrane non linéaire*, **C. R. Acad. Sci. Paris**, Ser. 1340, pages 69-74, 2005.

قسم الفـــيـــزيـــــــاء

DEPARTMENT OF PHYSICS

14. **I. Ghiloufi** and J. M. Baronnet: *Simulation of Heavy Metals Volatility during the Vitrification of Fly Ashes by Thermal Plasma*, **High Temperature Material Processes**, Vol. 10, pages 117-140, 2006.
